Subject: RIN 1210-AB33 -- Lifetime Income Options for Participants and Beneficiaries of Retirement Plans

This is ludicrous. I have worked hard, denied myself vacations and "toys" to save my money to do with as I please after retirement. I have managed my money better than the government can. I'm sure if you are honest, you know that this program will not be voluntary once it starts. If such a program is in the offing, many people will not use an IRA, they will hide their assets from the government's prying eyes.
